GENERAL TAX DIRECTORATE
PUBLIC ACCOUNTING GENERAL DIRECTORATE

June 2005

- Income tax
- Local tax on household occupation
- Real property tax

With the online tax payment service, you can :

All you need is a bank account in France

▶ Pay directly online

- Pay your taxes directly online up to the payment due date (midnight).

For your first online payment :

- Provide the tax references found on your tax assessment notice.
- Provide the details of the french bank account of your choice.
- Sign and send a direct debit authorisation to your bank within eight days. This authorisation may be printed directly from the website or sent to your e-mail or home address.

For subsequent online payments :

- Give a payment order for each payment. This way, you always have the option of paying by other means.
- Regardless of the date of your payment order, the bank account of your choice is always debited after the payment deadline for the tax in question.

▶ Subscribe to one of the two direct debit formulas

- **Direct debit on the payment due date** if you prefer to pay your taxes on the usual due dates.

You may subscribe to this formula right up to the due date for the tax in question.

This gives you a cash flow advantage since your account is debited a minimum of ten days after each payment deadline. Subsequent payments due for this tax are debited automatically without your having to do anything more. You are systematically informed of the date and amount of each debit.

- **Monthly instalments** if you wish to spread your payments over the year to manage your budget better.

You can subscribe online to monthly instalments for the payment of the tax of your choice at any time during the year :

- if you subscribe by 30 June, the first debit is made on the 15th of the month following your subscription,
- if you subscribe as of 1 July, the monthly instalments start the following year.

▶ Change your monthly instalment amount

- If your tax fluctuates from one year to the next, you can change your monthly instalments amount.
- The relevant changes will be made the following month.

Suspend your direct debits

- You can suspend your direct debits at any time during the year if you have paid the total tax due for the year in question.

**24 hours a day, 7 days a week,
all year round.**

**> We systematically send you an
acknowledgement of receipt for each
of your online procedures.**

> The connection is secure.

▶ Inform of a change of bank account

- If you change your bank account, simply enter the new bank account details online and send a new direct debit authorisation to your bank.

**The French Public Treasury undertakes
to reimburse you within eight working days
in the event of any direct debit error
on its part.**
